

Pipe Fittings – Wye-Branches

Logan Wye-Branch Spurs are carefully attached to the barrels at an angle of 60° and will correspond in every way to the dimensions specified for pipe of the same size.

A wide variety of Double Wyes are also available. Please call our customer service department for availability and shipping information.

Wye-Branches not shown are available on special order or by adapting with an increaser. Please call our office for assistance.

| Barrel Diameter | Spur Diameter | Laying Length | Approximate Dimensions | | Approximate Shipping Weight (lbs.) | Pack Data |
|-----------------|---------------|---------------|----------------------------------|----------------------------------|------------------------------------|-----------|
