

# Pipe Fittings – Y-Branches

Logan Y-Branch Spurs are carefully attached to the barrels at an angle of 60° and will correspond in every way to the dimensions specified for pipe of the same size.

A wide variety of Double Ys are also available. Please call our customer service department for availability and shipping information.

Y-Branches not shown are available on special order or by adapting with an increaser. Please call our office for assistance.

Barrel Diameter	Spur Diameter	Laying Length	Approximate Dimensions		Approximate Shipping Weight (lbs.)	Pack Data
